

GENESYS 2.0 Service Pack 1

14 June 2013

To best serve our user community, Vitech releases the initial service pack 30 days after product launch with subsequent service packs released every 45 days thereafter to resolve errors identified and add minor capability enhancements. GENESYS 2.0 service pack 1 follows this schedule after the May 16 2013 release of GENESYS 2.0.

Changes Included in Service Pack 1

Service pack 1 includes a number of bug fixes to improve the user experience and consistency of the GENESYS application. Resolved bugs are grouped by area and include a brief description of the main symptom observed.

| GENESYS 2.0 SP1 | | Description | Resolution / Notes |
|--------------------|--|-------------|---------------------------|
