

GENESYS 2.0 Service Pack 2

31 July 2013

To best serve our user community, Vitech releases a service pack 30 days after product launch with subsequent service packs released every 45 days thereafter to resolve errors identified and add minor capability enhancements.

Changes Included in Service Pack 2

Service Pack 2 includes a number of bug fixes to improve the user experience and consistency of the GENESYS application. Resolved bugs are grouped by area and include a brief description of the main symptom observed. This service pack is cumulative and includes all changes previously released in GENESYS 2.0 Service Pack 1.
